4. Focus on the Family® Resources

Whether you're looking for solid financial solutions, insightful support for your family or encouragement in your spiritual walk, visit www.resources.family.org or www.christianbook.com to view resources like these:

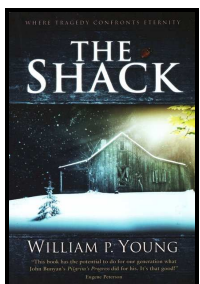

12 Ordinary Men by John MacArthur

Contrary to popular belief, we do not have to be perfect to do God's work. Look no further than the twelve disciples whose many weaknesses are forever preserved throughout the pages of the New Testament. Jesus chose ordinary men – fisherman, tax collectors, and political zealots – and turned their weaknesses into strength, producing greatness from utter uselessness.

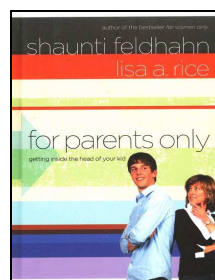

Believing God by Beth Moore

Based on Isaiah 43:10, this book explores what it means to not only believe in God but to believe Him. Do you take God at His Word, believing what He has told you, or do you just believe in His existence and the salvation He offers? Over time, the Holy Spirit led Beth to understand He was saying, "I didn't ask you to believe *in* Me. I asked you to believe *Me*."

The Shack by William P. Young

Due to a terrible crisis, a great sadness fell over Mack and his family, until a note from God showed up in his mailbox. **What happens next will move you to a greater understanding of God's unfailing love for us all.**

For Parents Only by Shaunti Feldhahn & Lisa Rice

Go behind the scenes into the minds of your teens and pre-teens---and discover why they act, talk, and think like they do! Feldhahn and Rice's nationwide research on young people will help confused parents understand the inner desires, fears and needs that spark their kids' confusing or exasperating behaviors – insight that will not allow parents only to get ahead in the parenting game, but to relate so much better with their kids.
